

Cheesed About Crime

DEAR TIM

Dear Tim:

It seems like there have been an inordinate number of car break-ins and burglaries in town the last few months. What have you heard and what can we do?

**-Concerned on
Coach**

Dear Concerned:

I've heard and read the same things you have. Lots of petty theft and opportunistic burglaries. Unless of course you consider stealing an ATM out of a certain local grocery petty and opportunistic. As much as we love the safety of

UA, it's a good reminder that we aren't immune to such things. It pays to be vigilant no matter where you live. But if you can't remember to lock your car at night, consider leaving a big block of limburger cheese in the trunk. That should drive any would-be thieves away. Aisle 1.

Dear Tim:

Does anyone have the brass apron strings to face me in a fall chili challenge?
